

Mass Dimensions

documentary short (27 min)

<http://www.swcfilms.com/catholic/MassDimensionsTXT.htm>

- Need:** Common man has trouble accepting mystery, especially as it relates to the infiniteness of God, and the uniqueness of the Catholic understanding of the Eucharist.
- Goal:** Capture the viewer's imagination, help them visualize the infinite of the Trinity and The Eucharist, and excite them about the possibilities that Catholicism offers.
- Objectives:** 1. Produce a high-definition video documentary short based on Dr. Stan Williams' essay *Mass Dimensions* as it was printed in the U.K. Journal Faith and Science. (see above link)

Treatment Notes

- Combines visuals taken from Mass at Shrine of the Little Flower, Royal Oak, MI, with animation of the cosmos, time-lapse photography, and images from the Hubble Space Telescope and deep space probes.
-
- The text explores the multi-dimensions of God's existence as revealed through Scripture, the teachings of the Catholic Church about the Mass, and recent discoveries in science about the evidence of the many dimensions of space-time that are not directly experienced, but nonetheless exist.
-
- Provides a rationale and fresh perspective of "eternity", and the reasonableness of the mystery found in Catholicism.

2. Distribute worldwide as television documentary.

Budget: \$60,000
